The new Manta 610 provides to semi-rigid boats all the quality and the know how of PRO MARINE. Its widely time-tested hull with undisputed marine qualities; its complete sampling and the sturdiness of its equipment allow you every audacity: long distance boating, idleness on the sea, water ski or diving. With Manta 610, live a maximum of sensations. This boat will astound you by its modularity and its possible equipment for the practice of your hobbies in conviviality with your friends or your family.
