General terms

- Prices:** SRP net ones to be intended EXW our Factory in Szekesfehervar - Hungary EU
- Delivery:** depending from the ordered quantity; between 6 and 40 working days from payment receipt
- Shipment:** upon customer's request we can organize the delivery (in this case the costs will be covered by the customer)
- Payment:** wire transfer in advance on pro-forma invoice (valid as order's confirmation)
- Packaging:** On costs. Possibility to customize the package upon request (the costs are to be covered by the customer)
- Boxes:** Hydraulic steering: standard kit boxes are 55*25*20 cm, average weight is 9 Kg., 54x units on a pallet.

Warranty: The original Hydrodrive Hydraulic Steering System product is covered by a warranty of 36 months. The warranty period begins on the date of purchase of brand-new, unused products. Unless the customer submits proof of purchase, which will be verified by Techno Italia Kft., you will be obliged to pay for any repairs that are carried out. Proof of purchase must state the date of purchase and the name of the product.

If within the warranty period, the product is determined to be defective (at the date of original purchase) due to improper materials or workmanship, Techno Italia Kft will, without charge for labor or parts, repair or (at the discretion of Techno Italia Kft) replace the product or its defective parts.

Techno Italia Kft may replace defective products or parts with new or refurbished products or parts. All products and parts replaced become the property of Techno Italia Kft.

Warranty claims must be enforced only upon receiving the claim number. The claim number is given by Techno Italia Kft and it must be obtained by saying the serial nr. of the defective product and the occurred problem. The costs for the return of the defective product are covered by the customer.

The following cases are not covered by the above warranty:

- minor faults or deviations in the quality of a product that do not affect the product's value or fitness for its intended purpose
- any accessories supplied with the product
- faults resulting from improper use (e.g., operating errors, mechanical damage, incorrect mounting)
- any modification of Hydrodrive Hydraulic Steering System products effected by the customer or a third party, unless Techno Italia Kft has given its prior written consent to the nature and extent of the modification
- faults due to force majeure
- faults of which the customer was already aware at the time of purchase
- any corrosion on engine arm and/or tie bar

All warranty claims become void if the product is tampered with by unauthorized persons or repair shops. Further, this warranty is voided by the removal or alteration of identification labels, serial numbers, or safety labels on the product or its parts.
